

ABOUT ME

Full-Stack developer focused on React, Next.js, and TypeScript, with a comprehensive grasp of backend logic and database architecture. I build complete, functional web applications with genuine attention to structure and consistency - interfaces that behave exactly the way users expect. I learn fast, I ship carefully, and every project I finish makes me sharper than the last

SKILLS

- FRONT-END**React.js, Next.js, Vue.js, TypeScript, TailwindCSS, SCSS, Styled-Components
- BACK-END**Node.js, Express, MongoDB, MySQL, Prisma, Firebase, Zod
- TOOLS**Git, Vercel, Redux, Zustand, Clerk, Cursor, Scrum

PROJECTS

- Temporis** - <https://temporis.autem.dev>

2026

 - Development of self-destructing chat rooms using a serverless Next.js 16 and Upstash Redis architecture.
 - Implementation of client-side encryption to guarantee maximum data privacy.
 - Integration of a type-safe API layer with Eden Treaty and TanStack Query for optimized server state management.
- Stokki** - <https://stokki.autem.dev>

2026

 - Development of a real-time inventory dashboard with Next.js 16 for stock and product management
 - Integration of data visualizations with Recharts for profit tracking and growth analysis
 - Implementation of type-safe data management and validation using Prisma and Zod
- VsCode Portfolio** - <https://autem.dev>

2026

 - Design and creation of a fully responsive Next.js portfolio inspired by the VSCode interface.
 - Integration of dynamic color themes improving visual appeal and usability.
 - Addition of a high-performance messaging service ensuring smooth and efficient contact.
- Style-D** - <https://style-d.autem.dev>

2025

 - Built a responsive online store with React and Vite, delivering a fast and seamless shopping experience.
 - Implemented Google authentication via Firebase Auth to streamline user sign-up and login.
 - Integrated secure Stripe payments with real-time data storage on Firestore.

EDUCATION

- Complete React Developer, Redux, Hooks** - Zero To Mastery Academy2022
- The Web Developer Bootcamp** - Colt Steele2021
- Bachelor's Degree LLCER - Foreign and Regional Languages, Literatures and Civilizations** - Sorbonne Nouvelle - Paris 32014

LANGUAGES

- English - Fluent
- French - Fluent
- German - B1
